List of sources used to update ER H 68-3 attached. 25X1A  
I checked with [REDACTED] regarding the classification of the  
source, "Cuban Bulletin of Statistics - 1962-66," and he said that the caveats would  
have pertained only to the covering memo.  
With regard to our attempting to clear this Handbook for release to [REDACTED] - 25X1C  
[REDACTED], [REDACTED] said that he would not consider it feasible. The origin of the sources  
for the statistical data is [REDACTED], and the information is not released to [REDACTED]  
Therefore, he believes that any request from us to release finished intelligence con-  
taining these data would be denied. 25X1C

The Handbook will be published with a SECRET/NFD classification and will not be  
released to [REDACTED] *mgz 10/31/69*
